THIRTY-SECOND NATIONAL SCOUT AIR RIFLE CHAMPIONSHIPS

BISLEY, 17th – 19th October 2008

Issued 2nd April 2008

ENTRY PACK

This pack includes the administrative notes, competition rules and entry forms for the 2008 National Scout Air Rifle Championships, open to all Scouts, Explorer Scouts and Leaders. The event is a Scout weekend camp held at the National Shooting Centre, Bisley, Surrey.

The competition Main Event will comprise four types of shooting: 6 yd Air Rifle (standing), 6 yd Air Pistol, 6 yd Air Rifle Reactive Target Knockout and Field Target Air Rifle. Air Rifles and Pistols, as appropriate, will be supplied for each of these events. This is certainly not reserved as an "elite" event and relative beginners are welcome but entrants must have some prior experience of the sport (see Rule 2 in particular). There are additional competitions including a "Summer Biathlon" (a run and shoot competition for those who would like to test their fitness as well as their shooting prowess), for those with their own (.177 inch) air rifles and pistols, an archery competition, and small-bore and full bore rifle shooting both for absolute beginners and for the more experienced.

The entry fee of **£16.00** includes the main event entry and camp fees. Entrants are responsible for their own catering arrangements. Cooking stoves are necessary. Charcoal barbecues (off the ground) are permitted but **no other form of open fires (even altar fires)**. There are also several snack bars available on the Camp. Additional entry fees are payable for the Own Airgun competitions, the Summer Biathlon and the cartridge rifle shoots. Site fees of **£5.00** for the weekend are payable for adults or Young Leaders who are neither competitors nor Range Staff. The shooting competition has a heavy demand for Range Staff and all leaders will be expected to assist in the safe and efficient running of the weekend. Those with appropriate qualifications should identify this on the entry form, enclose a copy of their current certificate and enter for the nominal fee of **£1.00** and accept a limit on their own shooting as necessary. Groups are strongly encouraged to bring extra Leaders in addition to their Range Officers to ensure adequate supervision of Scouts and to help with team administration. It is expected that the only Scouts on site will be competition entrants.

Groups/Units are urged to arrive at Bisley on Friday night if possible and should state their estimated time of arrival when returning their entry form. However it is recognised that those from distant parts of the UK may need to arrive during Saturday morning. Shooting times will be allocated on this basis so far as practicable. Local Groups/Units and any making offsite accommodation arrangements must still bring and erect sufficient tentage to allow competitors to remain on site and in shelter in poor weather between shoots as the intervals between shoots may be insufficient to leave site and return. Most entrants may expect to have a shooting event on each of Saturday morning, Saturday afternoon, Saturday evening and Sunday morning.

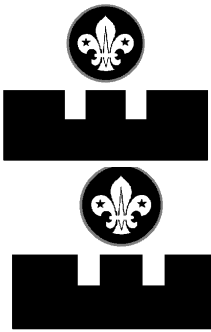

The closing date is in **July** to allow adequate time for the organisation of the event. Early application is recommended. If you have received this pack electronically, please help us to reduce risk of error as follows: fill in the forms on your computer, e-mail the entry to peter.a.waters@btopenworld.com, then print a copy for your signature and post it with your cheque. The signed copy will constitute the substantive entry. To obtain early confirmation that your entry has arrived please supply an e-mail address and/or enclose a stamped addressed envelope for your receipt.

Medals, targets and pellets are supplied by the NSRA, the National governing body of airgun and small bore target shooting, to whom the organisers record their thanks on behalf of all competitors. Presentations are scheduled from 1430hrs to 1530hrs on Sunday. We are delighted to announce that our guest presenter this year will be the pistol shooter Mick Gault OBE, England's most successful-ever Commonwealth Games athlete. The Trophy presentations at this National Event represent a first class PR "photo opportunity" for Scouting but we will only do justice to this if all present are in full and correct uniform. Please stress this to all competitors.

**Return entry forms postmarked on or before 26th July 2008 to:
Peter Waters, 43 Bramshott Drive, HOOK, Hampshire. RG27 9EY.
Cheques payable to "Hampshire Scout Rifle Club"**

**Entries may be reduced or close earlier if the event is over subscribed.
Early entry is strongly recommended!
www.scouts-shoot.org.uk/nsarc2k8**

Questions to Peter by e-mail: peter.a.waters@btopenworld.com or phone 01256 763410

THIRTY-SECOND NATIONAL SCOUT AIR RIFLE CHAMPIONSHIPS
BISLEY, 17th – 19th October 2008
RULES

ELIGIBILITY

1) The Scout Air Rifle Championships are open to all Members of the Scout Association as defined in POR (both youth and adult) aged ten years and above and qualified under Rule 2 below. Cub Scouts aged 10 may attend with the Troop if working for their Moving-on Award. Members compete both as individuals and in teams representing the Group, District or County through which their HQ Membership subscription is paid. However, Young Leaders working with a Troop or members of an Explorer Scout Unit attached to a specific Group may choose to be counted as part of that Group's team entry instead of (but not in addition to) their ESU.

SAFETY, CONDUCT AND SPORTSMANSHIP

- 2) It is the responsibility of the Scouter in charge of each team:
 - a) to satisfy themselves that each entrant is physically capable of cocking, loading and aiming an air rifle and air pistol safely and unaided, is mentally capable of understanding the need for safety rules and is willing to obey them and has received sufficient practical instruction beforehand and has sufficient experience not to need constant correction on the range to the detriment of other shooters,
 - b) to ensure that all shooters (and, for shooters aged under 18, also their parents) are aware of these Rules and accept them, and
 - c) to obtain written parental permission to take part for all entrants under the age of 18, to ensure that the permission covers all classes of shooting an individual has entered, and bring these forms to Bisley and to have them available for inspection.
- 3) The Bisley Range Complex will be in use for live firing during the weekend. Scouts are free to move around Bisley Camp in a careful and responsible manner and to enjoy its unique atmosphere. All Ranges, other than those in use for the Scout Championships and associated Guest day "Experience shoots" are Out of Bounds. Infringement of this or any Range Safety rule or any other conduct likely to damage the good name of Scouting will result in the offender being removed from the Camp, possibly with the remainder of their Group/Unit.
- 4) A variety of types of range will be in use for the Championships, both indoor and outdoor. Outdoor shooting is subject to the vagaries of the weather. In particular, the full-bore firing points are NOT covered. Competitors are required to dress appropriately for the conditions prevailing at the time on the ranges to which they are allocated and to treat the inevitable variations in a sportsmanlike manner.
- 5) The Range Officer's decision is final in all matters relating to safety, equipment and range conduct.

ENTRIES

- 6) Entries must be made on the form provided (which may be photocopied). The "GSL's Certificate" must be signed by the GSL, A/GSL or Scouter-in-Charge, or, for those not attached to Groups, the relevant Commissioner, and returned to the organiser and must be postmarked on or before **26th July**.
- 7) Entry fees must be enclosed with the entry form. Late entries, substitutions or refunds for non-participants will be allowed only in exceptional circumstances and at the organiser's absolute discretion. The "GSL's Certificate" must be revalidated for substitutes.
- 8) Age groups are as at 18th October 2008. The date of birth of each entrant shall be declared on the entry form. Any entrant withholding their date of birth shall be assigned a notional date of birth of 1st Jan 1900 (see rule 20). "Senior" means aged 14 and over; "Junior" means under 14.
- 9) There is no predetermined limit to the number of entrants per Group or Unit but the organisers may restrict entries or declare an earlier closing date if the competition is oversubscribed. If airguns are to be shared in Own Airgun events the "first choice" user of each must be identified on the entry form by circling the serial number of the airgun in the line for that entry.

COMPETITIONS, EQUIPMENT AND TROPHIES

- 10) Competitors must report to the relevant Range at or before the time allocated for safety briefing prior to shooting. All shoots are time limited to 15-minute details unless otherwise stated.
- 11) Boots or trainers giving ankle support and muddy footwear of any kind may not be worn for shooting indoors. Specialised shooting clothing may not be worn in the "Main Event" classes. A shooting glove (or ordinary glove) but no other specialised shooting clothing may be worn in the "6-yd", Three-position (3P) and "Vintage" Own airgun classes. Specialised shooting clothing may be worn in the 10-metre "Open" Own Rifle competitions and for the cartridge firearm shoots. None of the following items are considered to be "specialised shooting clothing" for the purpose of this rule: A "blinder" mounted on a headband; any form of spectacles, which may include a shooting lens and frame (save in "Sporter" class); ear defenders worn as an aid to concentration provided that the shooter can hear range commands distinctly. Personal stereos etc must not be worn whilst shooting. Ear defenders will be provided for cartridge firearm shooting and must be worn. In the 3P class, mats, slings and kneeling rolls may be used as appropriate in the prone and kneeling positions. Sporter Class equipment shall comply with the rules available at <http://www.sporter.org.uk/>
- 12) The course of fire for the Main Event 6yds standing Air Rifle competition is 20 shots; 5 at each of 4 Air 7 cards. The best 2 cards will be taken for the competition score (i.e. ex-100). Rifles will be supplied. They will be pre-charged with dioptre sights: Air Arms S200Ts for under-12s and Air Arms MPR Sporters for all others. If the Range Officer considers that a shooter in any age group is unable by reason of size to handle an Air Arms MPR safely, that shooter will be directed to use an alternative at the RO's discretion. Individual awards will be made in the following age categories:- "Under 12" (i.e. age 10 & 11), "Under 14" (i.e. age 12 & 13), "Under 18" (i.e. age 14 to 17 inc.) and "18 and Over". Individual Challenge Trophies based on this event are awarded as follows: The "Chris Lacey Mastershot badge" to the best shooter aged under 12, The Ken White Memorial Trophy to the best Junior; The Bramshill Trophy to the best shooter in the "Under 18" age group; the Fellowship Medal to the best female shot in any age group, The Walton Firs Trophy to the Scout achieving the greatest improvement over their previous year's score, The Killay Trophy to the Explorer Scout achieving the greatest improvement over their previous year's score. "Improvement" shall be determined by simple subtraction.

- 13) The team event score in the Main event 6yds standing Air Rifle competition will be the aggregate of the best four individual scores by members of the same Scout Group provided that the team shall comprise at least **three** competitors aged under 14. The Group with the highest score in this competition will be awarded the Webley-Scott Challenge Shield. The Walton Firs Fellowship Shield and the Jubilee Cup will be awarded for second and third places respectively.
- 14) The HRH The Duke of Connaught's Challenge Shields will be awarded for the highest combined aggregate score by a pre-nominated team of three from the same Group, Unit, etc. in Main Event Standing Air Rifle, Air Pistol and Field Target events. There are two trophies: Junior and Senior. A Junior team will comprise three members all aged under 14 from the same Scout Group. A Senior team will comprise three members, not more than one of whom may be aged 25 or over. A Junior may be selected for a Senior team but cannot be included in a Junior team as well. Groups, Units, Districts & Counties/Areas may enter as many Connaught teams as they wish but no one may be in more than one Connaught Team. Teams must be identified as "SA" (for Senior - A), "SB", "JA", "JB" etc on the entry form. If a nominated team member is unavailable, competitors may be promoted (e.g. from "B" to "A" etc.) but not demoted. All such substitutions must be declared to Central Statistics and entered in the official log before any member of the Group/Unit etc. concerned has fired in any of the constituent events.
- 15) In the aggregate competition there will be three individual trophies as follows: The Chief's Prize to the best individual shooter aged under 14, The NSRA Cup to the best individual shooter aged 14 or over and the Ladies' Plate to the best female shooter aged under 25. The Ladies' Plate is awarded on an age handicap basis, calculated as the total score minus three times the shooter's age in whole years.
- 16) The Pistol competition will be fired on Air 6/YP Targets. Scores shall be based on the best two of three cards. (i.e. ex 100). Senior Competitors in Pistol events shall shoot using only one hand. Pistols will be supplied. They will be ASI Mod Compact or equivalent. Identify left-handed pistol shooters on the entry form as these pistols have "handed" anatomical grips. Pistol Classes will comprise Senior, Junior and Group Team. A Group Team shall be composed in the same way as for the Webley-Scott Challenge Shield.
- 17) The Field Target event is a timed shoot at various distances. It is an Outdoor shoot. Scores shall be ex 50 for the purposes of the aggregate competition. There will be Senior and Junior Classes, with a trophy awarded in each class. Ties for medal places shall be decided by shoot off.
- 18) There will be two classes of Reactive Target Knockout: Senior and Junior. In all rounds before the semi-finals, shooters will compete shoulder to shoulder to be the first to hit all of their own set of five reactive targets. The first four targets will latch when hit; the fifth will reset the frame. If a competitor resets the frame (by hitting the middle target) before latching all of the other four any previous hits will be discounted. Similarly, if any or all targets are inadvertently reset (e.g. by ricochet) they must be hit again. The first to hit all five targets finishing by resetting the frame wins the tie. Both time and pellets will be limited (to 2 minutes and 10 pellets respectively). If neither shooter has hit all five targets at the end of the time allowed the shooter who has hit more will be the winner. If both have hit the same number of targets then the shooter with more pellets remaining will be the winner. If this does not resolve the tie, the matter will be decided by the toss of a coin. The semi-finals and final of the Knockout will be as above except that they will be shot over ten targets with limits of four minutes and 20 pellets. A tie will be decided as above except that a tie which is unresolved after both target and pellet counts will be decided by a re-shoot over one series of five targets. Should a tie still exist, targets will be reset again and the winner will be the first to hit a single target.
- 19) The Summer Biathlon, incorporating both shooting and running, is open to all Main Event Competitors and Range Staff. It will comprise three shoots (fired standing, kneeling and prone respectively) each of five shots at reactive targets, separating four running stages, each of approximately 400 metres. For each target missed a penalty of 1 minute is added to the competitor's time.
- 20) Ties for medal places or Final selection in all paper target events will be resolved by reference to the score on the next best target or, in the case of team or aggregate events, targets. A tie in the Small-bore Class B will be resolved by reference to the progressively larger groups irrespective of the card on which they were fired. A tie for any of the "Most Improved " trophies will be resolved in favour of the shooter having the higher pair of scores. In all cases, if a tie for a medal position or Final selection cannot be resolved by any other means, it will be resolved in favour of the younger shooter.

OWN AIRGUN CLASSES

- 21) The classes will be as follows:

Class	Range	Target	Rules
All classes			Rifles & pistols must comply with NSRA rules and Scout POR and must NOT require a Firearm Certificate. Laser sights are not permitted. Telescopic sights not permitted except in Advanced Field Target (see below). Own pellets may be used in Own Airgun classes but must be flat headed "wad cutters" made of lead.
6 yard Own Rifle	6yd	Air 7	Air Rifles of "spring gun" type - no floating barrels, pre-charged, CO ₂ or pneumatics.
Vintage Rifle	6yd	Air 7	Air Rifles of "spring gun" type made before 1956. Open sights only which must be of the type originally fitted
10 metre Air Rifle (Open)	10 m	Electronic	Specialist shooting clothing and footwear (consistent with ISSF rules) may be worn. An Olympic Final will be held
10 metre Air Rifle (Sporter)	10 m	Electronic	Air rifles complying with "Sporter" Rules. See http://www.sporter.org.uk/ . No specialist clothing may be worn.
Own Pistol (qualification)	6yd	Air 8	Juniors may fire two handed. Seniors to use one unsupported hand.
Olympic Final	10 m	Electronic	Juniors may fire two handed. Seniors to use one unsupported hand.
3-P Air Rifle	10 m	Electronic	Team of three, all aged under 25. 20 shots in each position. The course of fire will last approx 1½hrs.
Advanced Field Target	various	Knockover	A 20-lane Field Target course. Telescopic sights may be used. The course of fire will last approx 2½hrs.

- 22) The Own Airgun Classes are open to all Main Event Competitors and Range Staff. Entrants supply their own rifles and pistols. All airguns brought to the site must comply with POR Rule 9.37, must not require a Firearms Certificate, must be transported in accordance with the Law and POR and handed to the Competition Organiser promptly on arrival. The case is to be labelled at one end with the type and serial number of the airgun, the owner's name and Group/Unit and the names of those permitted to use it, together with their allocated squadding times. A list showing this information for all airguns handed in is to be prepared in duplicate and one copy handed in with the guns. The Leader in charge should keep the

other copy. No guns of any type other than those to be used in the competition may be brought onto the site without the express permission of the Organiser (this prohibition includes replicas & toys).

- 23) In Own Airgun events other than 10m Air Rifle and 3P, the score shall be the total of the best two out of three targets. The top eight competitors in the "Own Pistol class shall proceed to an "Olympic Final", shot at 10 metres using electronic targets. Ties will be resolved in accordance with Rule 20. The "Bill Cook" challenge trophy will be awarded in the Vintage Rifle class and the "Jim Dunn Memorial Trophy" in the 6-yard own rifle Senior class.
- 24) In the 10m Own Rifle classes, competitors will have 5 minutes of preparation time followed by 20 minutes to fire unlimited sighters and 20 shots to count. A shooter will be disqualified on firing a second "frame hit" (a shot outside the scoring area of an electronic target). Shoulder-to-shoulder "Olympic Finals" will be held for the "Open" class 10m air rifle and for the Own Pistol Class. There is no "Olympic Final" for Sporter class. The "Sporter" and "Open" classes are separate and entry to both classes is permitted, subject to Rule 28 below. The Beckett Trophy will be awarded to the 10m champion. Challenge Trophies will also be awarded to the "Most Improved" 10m shot and for the best performance by a shooter who has not qualified for the final of the competition in any previous year. The 3-Position team event is shot under "Open" rules and a team may consist of a mix of shooters shooting under "Open" or "Sporter" conditions. A separate gold medal shall be awarded for the highest 3-P score by a competitor shooting under 3-P "Sporter" rules.
- 25) In Own Airgun events guns may be shared by up to three members of the same Group/Unit (Vintage Rifles by up to four). Where airguns are to be shared, the serial number or a distinguishing "butt number" is to be shown on the entry form so the timetabling may avoid clashes. If more than one user of the same shared gun qualifies for the shoulder-to-shoulder "Olympic Final" of the 10m Air Rifle or the "Own Pistol" the "First Choice" user of that gun identified under Rule 9 above shall proceed to the Final; the other user may seek to borrow another gun to do so.
- 26) Compressed air cylinders brought to camp must be stored securely and kept away from young people. The filling of pre-charged rifles and pistols may be undertaken only by or under the close supervision of competent adults.

CARTRIDGE RIFLE CLASSES

- 27) The minimum age for the small-bore shoot is 12. The minimum age for the full bore shoot is 14. Hampshire and Surrey Scout Rifle Clubs offer these under "Guest Day" arrangements and the clubs' Guest Day Registration Form must be completed for each entrant and submitted with the entry form. There will be two classes in each discipline: "Class B (for "beginners") and Class A. Entrants will shoot in Class A if they are or have ever been:
- Members of any Home Office Approved Rifle Club,
 - Members of the armed services or the Cadet Forces,
 - Firearms-trained police officers,
 - Qualified Rifle Instructors (including NSRA Youth Proficiency Scheme Tutors),
 - Medal winners in the corresponding class (small-bore or full bore) of the event in a previous year.

All others enter in Class B.

Courses of Fire:

Small-bore Class B. Competitors will shoot four five-shot groups at 25 yards within one 20-minute detail. All equipment supplied. Medals will be awarded to the top three, assessed by the smallest 5-shot group.

Small-bore Class A. Competitors will shoot two 15-minute details each of up to 5 sighters and 10 shots to count on 2510BM targets at 25 yards. All equipment supplied. The Sportsman's Association Trophy will be awarded to the winner. Medals will be awarded to the top three, assessed by the highest score.

Full bore, both classes. 300 yards. Competitors will shoot two convertible sighters plus 5 shots to count in one 20-minute detail. All equipment supplied. Medals will be awarded to the top three, assessed by the highest score.

LIMITATION ON NUMBER OF EVENTS ENTERED

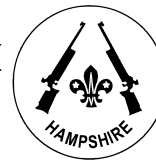

- 28) Time and distance constraints force the following limitations on the number and combinations of events that may be entered.
- The maximum number of extra events that may be entered is five but note that Advanced Field Target, Full-bore Rifle and Three-Position Air Rifle each count as two events.
 - Entrants in the "Extra Classes" must give priority to these over the Knockout. In particular, competitors in Advanced Field Target, Full-bore Rifle and Three-Position Air Rifle must accept that the timings of these events may force them to scratch from the Knockout.
 - Range Officers may enter a total of not more than five classes in total - the "main event" counts as four (or 3 if the Knockout is not entered).
 - Archery will be available on a "queue and shoot" basis and does not count as an extra event.

ADMINISTRATION

- 29) For security reasons Competitors and staff should arrive at and depart from Bisley in uniform and are to wear their Scout neckerchief at all times whilst on site away from their immediate campsite area.
- 30) Uniform is to be worn at the presentation of Trophies. Holders of Scout Decorations are requested to wear them.
- 31) By entering, all entrants give permission for photographs to be taken at the event for the purpose of the promotion of Scouting or of target shooting. Flash photography is not permitted on ranges during shooting.
- 32) Results will be published on the event website, www.scouts-shoot.org.uk/nsarc2k8
- 33) Groups and Units are responsible for compliance with the Scout Association's "Nights Away" rules, including notification to their own and the Surrey Heath District Commissioners.

**APPLICATION TO SHOOT ON A GUEST DAY
HAMPSHIRE SCOUT RIFLE CLUB
SURREY COUNTY SCOUT RIFLE CLUB**

** (Delete words in italics as applicable)*

I apply for a *small-bore / full bore* experience shoot at Bisley during the 2008 National Scout Air Rifle Championships.

Note: Minimum age for Small-bore shooting with Hampshire Scout Rifle Club is **12** years
Minimum age for Full bore shooting with Surrey County Scout Rifle Club is **14** years

**If I am applying for a full bore shoot and am unsuccessful, please transfer this application to small-bore shoot.*
